

LEXAL HT 700 DRILLING SUITE

HYDRAULIC DRILLING JAR & ENERGIZER

The Lexal 700 HT suite of Drilling tools include a 7" OD High Torque Double Acting Hydraulic Jar and matching High Torque Double Acting Drilling Energizer. These tools were designed to meet the challenging wellbores being drilled today. The 7" OD allows for higher torsional ratings than traditional 6.5" OD tools and the matched energizer allows for optimized Jar performance in extended reach wells.

	Jar	Energizer
TOOL OD	7"	7"
TOOL ID	2.75"	2.75"
TENSILE	960,000 LBS	960,000 LBS
TORSIONAL	80,000 FT-LBS	80,000 FT-LBS
UP JAR LOAD	215,000 LBS	
DOWN JAR LOAD	200,000 LBS	
TOTAL STROKE	24.5"
